## COMMENTS ON 2008 ACTIVITY

Currently, 25 Plantation villas (the interior areas of Sea Pines including Calibogue Club, Lighthouse Rd., Plantation Club, Wildwood Spa, and Woodbine) are for sale. In the first quarter of 2008, sales results slowed considerably compared to prior years. Two properties were sold in first quarter 2008 whereas there were 5 sales in both of the first quarters of 2006 and 2007.

For Sea Pines in general, the number of villa sale transactions closed in the first quarter was disappointing. There were 15 total villa sales in Sea Pines for the first quarter of 2008. This compares to 26 sales in 2007 and 25 sales in 2006 for the same period. With sales off about 40% and an inventory of 144 Sea Pines villas currently for sale, we are not surprised that prices have remained flat in some complexes and are even off about 10% from their previous highs in others.

However, our sense is that some pent-up demand may be building, and that the market was distracted by the unusually excessive amount of negative national press in the recent past. Our number of inquiries is growing, and we expect to see healthier sales activity levels over the coming months.

Today's Sea Pines buyer demands value. This buyer has a larger-than-normal inventory to choose from, and is typically only interested in property that presents itself well (good condition, bright, well furnished). Nonetheless, the bottom line is price: potential buyers are not even starting down the negotiating path with properties that are, in their opinion, overpriced. If you are considering listing your property, please pay close attention to your agent's coaching on price; in this market, more than ever before, price is truly the difference maker. About the only exception to the condition requirement is a legitimate bargain price: there are always bottom-fishers!

We are getting an increasing number of owners interested in the "move -up" concept we discussed in our January update. Call or email us if you're curious!

In closing, please know that numerous articles and surveys show that the nation still regards Hilton Head Island as a premier vacation, second home and retirement venue, and Sea Pines is the choice location. Demand is there now, and will be in the future. Homes and villas in good condition, intelligently priced WILL sell!
